

Bowls Buddies

*Making Bowls Fun for
Children of All Ages*

Product Guide

What Is 'Bowls Buddies'?

'Bowls Buddies' has been designed over several years as a way of introducing school children to the sport of bowls.

At its core, 'Bowls Buddies' is designed to enable school children to participate in a new, engaging format, which is both fun and fully inclusive.

Importantly, it can be conducted on a range of surfaces including sports halls, carpets, concrete, wooden floors, grass and just about anything else that is flat, eliminating the restrictions of requiring a bowling green. Rubber bowls have been custom-designed for children, as the full-sized bowls could be a limitation.

The 'Bowls Buddies' initiative comes in the form of various kits that can be tailored to the individual's needs. All kits include a storage bag, light-weight 'biased' rubber bowls, jacks, low-level cones, tower cones, target scoring mats, target hurdles, foot mats and a pack of activity cards.

A kit is essential for all programs and cannot be run without one, but once the sessions have finished, teachers are able to continue using the kit so children can play bowls at school for years to come.

S3

Skill Development
ROLL TO TARGET

Suitable Years:  R-2  3-4  5+

Physical Literacy: Rolling / Teamwork / Spatial Awareness

How To Play:

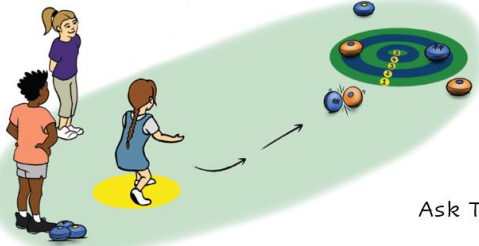

- Place a footer, for players to stand on, at a suitable distance from the target mat
- Each player has two bowls
- Take it in turns to roll the bowls from the footer and try to land them on the target mat

Equipment:

- R-2** Footer and target mat from the 'Bowls Buddies' kit – tennis balls if required
- 3+** Bowls, footer and target mat from the 'Bowls Buddies' kit

Change It:

- Use cones as obstacles
- R-2** Adjust the distance to roll
- R-2** Introduce bowls with bias
- 5-6** Challenge players to roll the bowl both biases

Ask The Players:

- R-2** Where should you be looking when you roll the bowl?
- R-2** How do you change your action to roll longer or shorter?
- 3-4** What do you do with your body before you roll?
- 3-4** How do you control which way the bowl will turn?
- 5+** How can you become more balanced when you bowl?
- 5+** How do you plan to avoid obstacles when bowling?
- 5+** How do we know which way the bowl will turn?

Teaching Tips:

- R-2** Release the bowl close to the ground
- R-2** Try not to let the bowl bounce when released
- 3-4** Bowl to rest upright in your preferred hand
- 5+** Release the bowl smoothly to reduce 'wobble'
- 5+** Allow for the bias (turn) by aiming to the side of the target
- Return all bowls to the mat after the game is complete
- Challenge players to knock each other's bowls off the target mat
- Create your own scoring system to challenge players
